

DC Balanced Growth Fund

Defined Contributions

Fund objective

Invests mainly in equities and to a lesser extent government securities, cash and other fixed interest investments, in the UK and overseas. The Fund aims to produce a return in excess of its benchmark. The Benchmark will evolve over time to reflect the market, industry and internal views and developments as to an appropriate asset mix for a broadly invested fund.

Past performance is not a guide to future performance. The value of investments and the income from them can fluctuate and are not guaranteed. Investors may not get back the amount invested. Rates of exchange may cause the value of investments to go up or down. Fluctuation may be particularly marked in case of a higher volatility fund and the value of an investment may fall suddenly and substantially. Any objective or target will be treated as a target only and should not be considered as an assurance or guarantee of performance of the Fund or any part of it. The Fund objectives and policies include a guide to the main investments to which the Fund is likely to be exposed. The Fund is not necessarily restricted to holding these investments only. Subject to the Fund's objectives, the Fund may hold any investment and utilise any investment techniques, including the use of derivatives, permitted under the FSA's New Conduct of Business Sourcebook which contain the rules by which investment of the Fund is governed.
